COVER

Working in the medium of batik, Paul Nzalamba creates images that are drawn from his native country, Uganda, and that reflect the strength, struggle, and beauty of all people, especially children and adolescents. We chose to use his "At Play" (1988) to show a modern, indigenous artist's work that illustrates the color and joy of such artists. Mr. Nzalamba's works are on display at his studio in Los Angeles, California. Reproduced with permission.
