**Print Issue Editorial Board Disclosures**

The American Academy of Pediatrics (AAP) Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AAP CME Activities is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities by identifying and resolving all potential conflicts of interest before the confirmation of service of those in a position to influence and/or control CME content.

Every individual in a position to influence and/or control the content of AAP CME activities is required to disclose to the AAP, and subsequently to learners whether the individual has relevant financial relationships with manufacturers of commercial products and/or services discussed in the CME activities.

Each of the editorial board members disclosed that the CME content he/she edits/writes may include discussion/reference to generic pharmaceuticals, off-label pharmaceutical use, investigational therapies, brand names, and manufacturers, if applicable.

None of the editors had any relevant financial relationships to disclose, unless noted below. The AAP has taken steps to resolve any potential conflicts of interest.

**Disclosures**

- Richard Antaya, MD, FAAP, disclosed that he has an Astellas Pharma, US, Inc., research grant and participates in its speaker bureau and advisory board; and that he is a consultant for Novartis Pharmaceuticals.
- Joseph Croffie, MD, MPH, FAAP, disclosed that he has research grants and serves on speaker bureaus of Stucampo Pharmaceuticals (Lubiprostone), Brintree Labs (Miralax Hallytely), Medtronics (Bravo pH Capsule), Tap pharmaceuticals (Prevacid).
- Donald W. Lewis, MD, FAAP, disclosed that he is a consultant for and has a research grant from Astra Zeneca and Merck; and that he has research grants from Ortho McNeil, Lilly, Bristol-Myers Squibb, GlaxoSmithKline, and Boehringer Ingelheim Pharmaceutical.
- Janet Serwint, MD, FAAP, disclosed that she receives a research grant from the Maternal and Child Health Bureau.

The composition and production of *Pediatrics in Review®* is supported, in part, through an educational grant from Abbott Nutrition, a division of Abbott Laboratories, Inc.
