Print Issue Editorial Board Disclosures

The American Academy of Pediatrics (AAP) Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AAP CME Activities is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities by identifying and resolving all potential conflicts of interest before the confirmation of service of those in a position to influence and/or control CME content. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that the individual either has no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. Commercial interest is defined as any entity producing, marketing, reselling or distributing health-care goods or services consumed by, or used on, patients.

Each of the editorial board members, reviewers, question writers, PREP Coordinating Committee members and staff has disclosed, if applicable, that the CME content he/she edits/writes/reviews may include discussion/reference to generic pharmaceuticals, off-label pharmaceutical use, investigational therapies, brand names, and manufacturers. None of the editors, board members, reviewers, question writers, PREP Coordinating Committee members, or staff has any relevant financial relationships to disclose, unless noted below. The AAP has taken steps to resolve any potential conflicts of interest.

Disclosures

- Richard Antaya, MD, FAAP, disclosed that he participates in Astellas Pharma, US, Inc., clinical trials, speaker bureau and advisory board; and that he participates in the Novartis speaker bureau.
- Athos Bouvasaros, MD, MPH, FAAP, disclosed that he has research grants from Merck and UCB; and that he is a paid consultant and on the speaker bureau for Millennium.
- Donald W. Lewis, MD, FAAP, disclosed that he is a consultant for and has a research grant from Astra Zeneca and Merck; and that he has research grants from Ortho McNeil, Lilly, Bristol-Myers Squibb, GlaxoSmithKline, and Boehringer Ingelheim Pharmaceutical.
- Blaise Nemeth, MD, MS, FAAP, has disclosed he has an unrestricted educational grant for fellowship from Biomet.
- Mobeen Rathore, MD, FAAP, disclosed that he is a consultant and on the speaker bureaus for GSK, Medimmune, Merck, Novartis, and Pfizer.
- Richard Sills, MD, FAAP, disclosed that he receives a research grant from Novartis.
- Rudolph Valentini has disclosed he receives a research grant from Abbott Laboratories.

CME statements:

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates this journal-based CME activity for a maximum of 36 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 36 AAP credits. These credits can be applied toward the AAP CME/CPD* Award available to Fellows and Candidate Members of the AAP.

The American Academy of Physician Assistants accepts *AMA PRA Category 1 Credits™* from organizations accredited by the ACCME.

This program is approved for 36 NAPNAP CE contact hours; pharmacology (Rx) contact hours to be determined per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

*Continuing Professional Development

New minimum performance level requirements:

Per the 2010 revision of the American Medical Association (AMA) Physician's Recognition Award (PRA) and credit system, a minimum performance level must be established on enduring material and journal-based CME activities that are certified for *AMA PRA Category 1 Credits™*. In order to successfully complete 2012 *Pediatrics in Review* articles for *AMA PRA Category 1 Credits™*, learners must demonstrate a minimum performance level of 60% or higher on this assessment, which measures achievement of the educational purpose and/or objectives of this activity.

Starting with 2012 *Pediatrics in Review*, *AMA PRA Category 1 Credits™* can be claimed only if 60% or more of the questions are answered correctly. If you score less than 60% on the assessment, you will be given additional opportunities to answer questions until an overall 60% or greater score is achieved.

No product-specific advertising of any type, or links to product web sites, appear in this educational activity.

How to complete this activity:

Pediatrics in Review can be accessed and reviewed in print or online at <http://pediatricsinreview.aapublications.org>. Learners can claim credit monthly online upon completion of each CME article. The deadline for completing this activity is December 31, 2014. Credit will be recorded in the year in which it is submitted. It is estimated that it will take approximately 1 hour to complete. Credit will be recorded until the learner documents participation in that activity to the provider via online submission of answers. Course evaluations will be required online.

Pediatrics in Review® is supported, in part, through an educational grant from Abbott Nutrition, a division of Abbott Laboratories, Inc.

Cover: The artwork on the cover of this month's issue is by one of the winners of our 2011 Cover Art Contest, 9-year-old Adielle T. of Silver Spring, MD. Adielle's pediatrician is Jeff Bernstein, MD.
